## Transnational Strategies & Circulations in the Film & TV Industries

September 13-14, 2018  
CRESPPA-CNRS, Paris  
59-61 rue Pouchet

This two-day workshop explores transnationalization processes at the granular level, examining their forms, effects, and conceptual implications. We are especially interested in the ways that professional relationships, policies, and practices help to shape and transform media geographies during an era of intensifying globalization. Open to the public.
